Patriotic and Social Work

IN VIEW of the seriousness of the crisis through which the world is passing, it has been deemed advisable to devote a portion of the School time and activity to patriotic work. Friday afternoon has been set apart for this purpose, and, as a consequence, the School has been able to make liberal donations of hospital supplies, and of knitted articles.

It is proposed to continue this work during the coming year. At four o'clock Readings will be given by the Principal and members of the Faculty, while the knitting is continued, and at five o'clock tea will be served.

Course tickets for these Readings at \$2.00 may be obtained at the office, and a nominal charge will be made for tea. The resulting funds will be applied to the purchase of wool and other materials. All interested are cordially invited to assist.

LAST MAY, Miss Mary Hamilton, Director of our Annual Physical Education Department, arranged our Patriotic Fête which was held in the Arena. The object of this Fête was to give to the general public an exhibition of the finished work of her students, and to raise funds for our returned disabled soldiers. Nearly three hundred students took part, including not only our own, but also those of Branksome Hall, all of whom are under Miss Hamilton's direction. The Fête aroused great enthusiasm and was, by common consent, one of the most beautiful and interesting of its kind ever given before a Toronto audience. From the receipts, the combined schools were able to contribute \$1300.00 to this good cause.

The Patriotic Fête Work
in
Social
Settlements

STUDENTS are encouraged to respond as freely as their regular work will permit, to the call for volunteer service in the various Social Settlements of the city. It is felt that this contact with the less fortunate members of the community should awaken in the rising generation a sense of sympathy, and of social responsibility. Also, in the case of those who look forward to devoting their lives to such service, an opportunity is given to get some insight into the organization and methods of Settlement Work, as well as experience in managing classes. Our students have held classes in these Settlements, in Physical Training, Story Telling, and other departments of their work.

A Word to Students

From the Address given by Col. Nasmith, C.M.G., at Commencement

THE woman who is receiving her education to-day is fortunate, for she is living in a period when the old order of things is passing away and a new era is at hand; life is infinitely richer and fuller in every respect than it was before the war began. Many things that before seemed of supreme importance, like money and position, no longer hold first place.

To-day is the day when the idea of public service reigns in the hearts of the thinking people, and when men and women will only tolerate and follow those whom they know are true to the best interests and ideals of the nation.

Your training here will have given you something that you cannot obtain in any other school that I know of; you will have higher ideals than when you came; you will have trained minds; you must have learned to work and to concentrate; you have learned what is most beautiful and best in life. Trust both your instincts and your judgment. They are not incompatible, and you will ultimately arrive, not at the goal to which you were predestined, but to that for which you have striven. There are great opportunities for work in the world to-day. It is your great privilege to serve.
